

## Plans of Study

The following are the courses of study required for completion of the M.S. in School Psychology at Touro College. It is possible to complete the program as a Full-Time (3-year) student or by following the Part-Time (4-year) option. Completion of 21 courses (63 credits) leads to MS degree. In addition, two-hour seminars in both Child Abuse and School Violence Prevention are required for NY State Education Department School Psychology Certification. Students should contact their advisor with any questions.
