

Gifted and Talented Extension Program

(GATE)

Touro College is offering the 4 courses for educators who want to teach and develop programs for gifted and talented students.

The Gifted and Talented Education (GATE) Professional Certificate Program provides a comprehensive examination of the knowledge and skills needed to appropriately serve gifted and talented students. Coursework addresses characteristics and identification, curriculum differentiation and instruction, teaching strategies, social and emotional needs, program development, and appropriate program and student performance evaluation. Each course is based on current research, its application to schools and classrooms, and incorporates the New York recommended standards for programs for gifted students. Courses will be offered throughout the academic year.

The courses will be offered as follows for the Fall 2009 –Spring 2010 academic year:
