

Touro College

Win an Apple IPOD

This year, Touro College will participate again in the ***National Survey of Student Engagement*** (NSSE). This survey will provide us with information to improve the undergraduate programs and services offered at Touro College.

About the NSSE: The NSSE is a survey specially designed for students like you to provide information about your undergraduate experience, including your views about the quality of your education and how you spend your time at Touro. The survey is being completed by a random sample of entering and graduating students. The NSSE selection procedure ensures that every eligible student has an equal chance of being chosen to participate in the survey.

Selected students have received a message from me describing the survey.

Students who complete the survey will be eligible to win an Apple IPOD.

If you would like to learn more about NSSE, just click on the following link to visit their website at <http://nsse.iub.edu/faq/sfaq.cfm>

If you have any questions about the project on this campus or our interest in using the results, please contact Dr. Eric Linden at 212-460-0400, ext 5275.

Your participation is very important to the College.

Sincerely,

Robert Goldschmidt
Dean of Students
