

Touro College

March 2008

Touro College is pleased to announce that the following students who completed the **National Survey of Student Engagement (NSSE)** in 2007 have been selected to win an Apple IPOD for their participation. This survey provides us with information to improve the undergraduate programs and services offered at Touro College.

Mr. Zev Kilstein and Ms. Shani Sklar

About the NSSE: The NSSE is a survey specially designed for students to provide information about the undergraduate experience, including opinions about the quality of the education and how the time at Touro is used. The survey was completed by a random sample of entering and graduating students in the Lander Colleges.
